ABOUT ME

As a studying graduate pursuing a full stack developer role, I am eager to apply and expand my skills in web development. I seek a challenging opportunity where I can contribute to high-quality projects, continuously improve my technical expertise, and drive successful outcomes. I am passionate about creating efficient, user-friendly interfaces and delivering innovative solutions. By embracing new learning experiences and overcoming challenges, I aim to contribute to the company's growth while advancing my career and expertise in front-end development.

SKILLS

HTML , CSS, JS, REACT, PYTHON , AWS CLOUD, DYNAMO DB, EXCEL, FIGMA.

PROJECTS

Scent Sphere - Elegant Perfume Showcase

I developed an elegant and visually appealing webpage to showcase a premium perfume brand. The project features a minimalist design created with HTML and CSS, emphasizing a luxurious user . This project highlights creativity in design, proficiency in CSS styling, and an understanding of branding aesthetics.

User Registration Form

I created a simple user registration form using HTML and CSS. Input fields for capturing user details such as name, email, and password. A submit button to send form data.
